

# SUITESKILLS

SuiteTraining

## Your challenge

- Are you seeking an increase in productivity?
- Faced with new hires, new functionality, and/or new processes?
- Rolling out NetSuite to new subsidiaries, locations, or departments?

## Solution

- Equip your users with the skills they need to succeed.
- Targeted training based on your audience's needs.
- Choose your topics, delivery method and job aid preference, and we deliver the expertise.

Experts agree that learning is an ongoing process. As your company grows and your NetSuite solution expands, training through NetSuite is the best way to gain the breadth and depth of skills needed to achieve business results.

## Get Started Now!

- 1 Choose areas of focus and audience
- 2 Choose virtual or onsite
- 3 Choose performance support—standard job aids, customized job aids, as well as video eLearning

SuiteSkills allow you to easily provide high quality learning experiences for your organization—designed to target your exact user needs. Dramatically increase skills in Reporting, AR, AP, Resource Management or any of many other topics in just a few short sessions. Imagine your business with more efficient processes, reduced support calls, providing better customer service, and having time to actually innovate?

## What would those types of improvements mean for your bottom line?

#### Terms

Job Aids are delivered in Word for your easy customization to reflect your business processes and configured system. Customer is solely responsible for any updating, editing, printing, shipping and copying charges for the materials after delivery from NetSuite. All materials are provided for Customer's internal training purposes only. eLearning videos are delivered electronically in an industry standard output format (e.g., MP4, SCORM.) Customer is prohibited from reselling, sharing or sublicensing any training Deliverables. Any use of materials outside your organization is expressly prohibited.

Topics are chosen from the NetSuite Training list and configured into sessions that meet the needs of your team.

All sessions are delivered remotely online or onsite to a maximum of 12 attendees and filming, recording or other capture of sessions is strictly prohibited. Travel and expenses incurred for onsite sessions will be billed separately.

All materials and delivery are provided in English.
